## **Desser Holdings, LLC., acquires Rotalable Repairs and strengthens its Wheel and Brake MRO footprint**

MONTEBELLO, California- September 6th , 2017 – Desser, a leading provider of aviation parts and services to OEM and aftermarket customers, is excited to announce the acquisition of Rotalable Repairs, one of UK's leading providers of wheel and brake MRO services for corporate and jet transport markets. Rotalable Repairs is headquartered at London's Southend Airport, and is readily poised to serve Europe, the Middle East and Africa.

The purchase will add enhanced customer value through the distribution of complementary products and services in conjunction with our UK based Watts business unit.

Jeff Johnston, Chief Executive of Desser Holdings, LLC., stated: "We are enhancing our customer value proposition by augmenting our capabilities to our customers. The combined synergies of Watts-Rotalable Repairs will enable us to provide greater value, improved logistics, and increased capacity for our customers and adds specialized valued services such as cost per landing and other cost saving programs which will be available for regional and airline customers.

The Desser and Watts leadership team is very excited to work alongside Rotalable Repairs in providing customers with one-stop purchasing in Europe for tyre, wheel and brake services and support."
